

EDUCATION SESSION:

LAMB EXPERIENCE

SUITABLE FOR ALL AGES

Watch as our team care for the lambs and learn about what they need to grow. This experience will take place in outdoor paddocks if weather permits.

- Get up close to young animals
- How to care for living things
- Life cycles

 **Welly warning!**

We may go into paddocks
where there is manure.

For older groups this session can also cover themes of reproduction and genetics.

Each session lasts up to **30 minutes**.

Group size is up to 15 children with accompanying adults.
